

# HERE'S the POINT

By SPENCE HELD

When the Loman Four—Frank Almond, Stan Christman, Ronald Beldon and Buddy Roshon—sang "Halls of Ivy" Friday night, it was for me a hail and farewell to the Class of June, 1956, Point Loma High School.

The quartet, singing in the Music Department's Spring Concert, drew a tremendous hand from the audience for such numbers as "Little David Play On Your Harp" and "On the Boardwalk."

But it was "Halls of Ivy" that appealed to me as they virtually rang down the curtain on the school year.

I remembered that night in Balboa Stadium when the Point Loma football team, blocking and tackling with a superb controlled ferocity, smashed Hoover High 26-0.

I remembered Sheldon Spicer, Bill Harvey, Fred Jones, Frank Sacco, Eddie Sada and all the rest.

Yeah, and I remembered the Point Loma players hoisting Coaches Bennie Edens and Hil Crosthwaite to their shoulders and carrying them off the field. . . . And the solid mass of boys who poured from the stands and tore down the goal posts.

There's nothing like a big football victory to crystallize school spirit.

But there were other things. . . . Scholarships to Colgate, Dartmouth and Massachusetts Institute of Technology. . . . Two National Merit Scholarships. . . . Point Loma won more than its share.

There was Peter Lykke, the Norwegian boy who entered into the life of the school and made many friends.

There was—aw, heck, no newspaper column can do justice to an entire school year so I'll admit I'm only scratching the surface and call a halt.

However, I'll make this prediction: Members of the June, 1956 graduating class will look back, after 20 or 30 years, and realize they never had it so good.

## Chamber Opposes Sea Water Plant In 'Play' Area

Ocean Beach Chamber of Commerce directors adopted a resolution Tuesday opposing establishment of a sea water conversion plant in the O. B. recreational area.

(Reports from Washington, D.C., were that an engineering consultant for the Federal Government's conversion program was due in San Diego this week to select a site in Ocean Beach for a pilot sea water conversion plant.)

Chamber directors learned the O. B. recreational area was being considered for such a plant—possibly in the area of the planned 50-acre, \$157,000 public playground between W. Pt. Loma Blvd. and the Flood Control Channel.

Dr. Winton B. Oster and Atty. Frank Owen, Chamber directors, reported this was brought to the attention of Councilmen D. D. Williams and Clair Burgener at the political meeting here last Thursday night.

"They assured the Chamber that they would vigorously oppose such a move," the directors reported.

OUTSTANDING—Frances Hardie, Ocean Beach Girl Scout, has been chosen as one of eight in the county to attend the National Senior Round-Up.—Les Hamm photo.

## Ocean Beach Girl Scout Chosen To Attend National Round-Up

Frances Hardie, 4576 Santa Monica Ave., is among a Patrol of eight Senior Scouts selected to represent 19,000 Girl Scouts in San Diego County at the National Senior Round-Up to be held June 29 to July 11 in Highland State Park, Michigan.

Frances has been a Scout in Ocean Beach since the third grade. Starting as a Brownie, she has progressed through Intermediate Scouting with a Curved Bar rank and has been a Senior Girl Scout the past two years.

Scouting has meant much to her and filled her memory book with many friendships and happy adventures. Some of her outstanding adventures could be the week camping at the Mehling Ranch 120 miles below Ensenada where they were stranded hours atop a mountain giving SOS signals with smoke and mirrors; a week at Asilomar attending a Regional Conference; another at Pasadena, and a local Conference in the Lagunas with campfires circled with friends, songs and laughter.

Perhaps that hike from the Lookout Tower on the Palomar Mountain through towering trees, poison oak and wild roses to the camp-site and a hot, bubbling pot of stew could be another.

Standing out from all the rest will be the Michigan Round-Up. This encampment will be attended by 5,000 Girl Scouts from all over the U.S. The theme will be Americana. The San Diego Patrol will share their knowledge with girls from every part of the U.S., the history and folklore of our home community, also music, dancing, crafts and customs.

Every week-end since January Frances has prepared herself by visiting Missions and residents, listening to their tales and inspecting relics. Pitching tents, charcoal cooking, lashing and other camp skills have been perfected.

In true Girl Scout manner she has shown that she can prove outstanding enough to represent our Council and also pay her way. Her money has been earned by mowing lawns, housework, washing cars, babysitting and many other activities.

**BUM AFFAIR**  
When a "hobo" theme was carried out by Cub Scout Pack 125 at a recent meeting at Silvergate school, the featured skit was put on by some of the Dads.

Fred Cody, dressed as "King of the Hobos," divulged secret hobo lore in the form of "signs" used by the vanishing vagabonds of the road, to ease their quest for an easy life.

"Signs" revealed where a handout or a bed for the night might be panhandled, as well as warnings of unsympathetic housewives, dogs and police.

Acting as straight men for the act were "bums," Jack Lay, Bill Gorham, Bob Platt, Al Rippling and Dan Smith. An impressive ending to the skit arrived when Officer Jack Hawkins, through courtesy of the San Diego Police Department, invaded the "hobo jungle" and chased the "bums" offstage—all this amid loud cheers from Cub Scouts and their parents in the audience.

### Dessert For Dieters And Non-Dieters

It's not easy to be the only dieter in the family. If you could just have one bite of that luscious dessert! Instead you help Dad and the children to their second big servings.

Cheer up. You no longer have to be a silent martyr. Tonight you can eat the same delectable dessert that the rest of the family enjoys. In just a matter of minutes, you can whip up this smooth, rich-tasting, but low-calorie chocolate pudding. "Yummy," your family will say. And only 94 calories per serving, you'll know.

Reason is that the new improved sweetener, Sucaryl, provides the pudding with all its sweetness without adding one single calorie. Sucaryl is the new non-caloric sweetener that can be cooked without becoming bitter or losing its sweetness. And calorie savings are really worthwhile. Made with sugar, this same pudding would have cost you 190 calories per serving.

Gild the pudding, if you like, with a low-calorie, whipped-cream-like topping: Just before serving, whip 1/4 cup dry skim milk with 1/4 cup water, 1/2 teaspoon Sucaryl (or 4 tablets, crushed), and 1 teaspoon vanilla. Serve at once.

#### Chocolate Pudding

- |                               |  |
|-------------------------------|--|
| 1 teaspoon unflavored gelatin | 2 cups liquid nonfat dry milk or skim milk         |
| 1 tablespoon water            | 2 teaspoons Sucaryl solution or 16 Sucaryl tablets |
| 1 tablespoon cornstarch       | 2 teaspoons cocoa                                  |
| 2 tablespoons water           | 2 egg yolks, beaten                                |
| 1/2 teaspoon salt             | 2 teaspoons vanilla                                |

Mix gelatin with the 1 tablespoon of water. Set aside. Mix cornstarch, cocoa, salt, and the 2 tablespoons of water to a smooth paste in a saucepan. Add milk and Sucaryl. Cook over medium heat until mixture boils, 8 minutes, stirring constantly. Remove from heat. Stir in gelatin until dissolved. Pour a small amount of the hot mixture over beaten egg yolks. Blend together and return to saucepan. Cook 2 minutes longer over low heat, stirring constantly. (Mixture will thicken when chilled.) Cool slightly; add vanilla. Strain into four 1/4-cup molds or sherbet glasses. Chill in refrigerator until set.

Makes 4 servings. Each serving contains 94 CALORIES; 6.7 grams protein; 3.6 grams fat; 9.7 grams carbohydrate. If made with sugar, each serving would contain 190 CALORIES.

## HEALTH FOR ALL

"It's a great place to visit, but I wouldn't live there if you paid me." Those classic words have been spoken by many a country or small town dweller returning home after a visit to the city. The next words usually are: "I couldn't get a breath of fresh air."

For at least a hundred years people have complained about the city air, that irritating mixture of industrial fumes, smoke from thousands of home chimneys, with a small proportion of oxygen. The "black fogs" of London were famous long before modern "smog" descended upon us. Of course, the fumes of today seem to have special qualities. What came out of Grandpa's chimney didn't melt the nylon stockings off Grandma's legs. But then she didn't have nylons.

Today, the problem of air pollution is spreading outside the city limits. Many new factories are being located in the country and in small towns. Exhaust gases of cars, trucks, and buses are borne on the bucolic breeze. Unless country people who treasure their clean air do something to prevent pollution, they may be driven to live in cities like Pittsburgh and St. Louis which have done something about cleaning up the air.

There are preventive measures that work. Almost 50 years ago it was discovered that elec-

trical precipitation of industrial gas could help prevent air pollution, as well as recover valuable by-products. Chimney filters and "scrubbers" can be used by industry. Householders can be urged not to burn trash. Efforts can be made to locate atomic energy plants where there will be the least danger of adding radioactive dust to the problem.

The problem of getting and keeping clean air in this industrial age is far from simple. Scientific research hasn't yet found all the answers. But communities can keep air contamination to a minimum by a co-operative effort using all the knowledge now available.

## It's Your BUSINESS!

BY BEECHER DIXON  
GENERAL MANAGER, SAN DIEGO BETTER BUSINESS BUREAU

If you're a fisherman, you know that fish can be taken with artificial lures of with natural food known as bait.

In the business world, the unscrupulous dealer often uses "bait" to lure the unsuspecting. Thousands of residents of San Diego County are taken in annually by the "bait advertiser."

He's the fellow who advertises what he won't sell, and sells what he won't advertise.

How does he work?

He might promote a TV set, a sewing machine or maybe a refrigerator at a ridiculously low price. When the prospect turns up at the store, the dealer advises the potential customer that he is either sold out of the advertised product, or he resorts to "knocking" the advertised low-price product, insisting on showing more expensive and more profitable items.

So serious is this practice at the national level that the Federal Trade Commission has recommended a million-dollar monitoring system to correct the abuses of these "parlor hucksters" on radio and television.

Before falling victim to deceptive dealing, inquire at your San Diego Better Business Bureau in the Spreckels Building, and report any unfair practices in your community.

The best bet, of course, is to know your dealer, patronizing only reputable, well-established businesses.

**EARN-AT-HOME SCHEMES**

Everyone can use that extra buck in these days of high prices, but beware of glamorous advertised offers of making quick money at home. Such stunts range from addressing envelopes and writing songs and poems to establishing a clipping bureau.

Your local Bureau has received many inquiries from housewives, widows, elderly people and shut-ins, responding to ads which seem to offer profitable home employment, when the real and only purpose of the advertiser is to sell something himself. Avoid all earn-money-at-home schemes which promise rich dividends, yet require advance payments or special fees for "instructions" on how to proceed.

More than half a billion dollars is swindled annually from millions who have answered fraudulent ads for earning money at home in spare hours. Many exploited could ill afford to lose their money. Investigate fully before you invest in any promotional scheme.

For a startling expose, send ten cents in stamps for the 16-page booklet, "Facts About Earn-Money-at-Home Schemes," one of the Bureau's helpful fact series booklets.

## Promotional Exercises Planned At Cabrillo School June 15

Marking the close of elementary school days for Cabrillo School sixth graders, promotional exercises will be held Friday, June 15, at 10 a.m. in the auditorium, announced Miss Grace E. Finley, principal, and Charles R. Calhoun and Everett Hyland, teachers.

Class ribbons in the school

colors of maroon and gold will be presented at the sixth grade award assembly, Tuesday, June 12, at 10 a.m. A class musical program will follow the awards.

Final social event will be a class party and supper for graduates, to be held Wednesday, June 13, from 4 to 6:30 p.m., in the school cafeteria.

In the direct sales field are working a pitch locally which can cause undue hardship on some families.

The salesman sells the customer a new water softener, electrical appliance, perhaps even a new car, with the verbal assurance that he will receive a "bonus" from the company for each prospect or referral the customer sends to the company. This bonus is supposedly used to pay off his signed contract in part or in whole.

On the surface, this sounds good, but the salesman and the dealer are usually the only ones to profit. When remaining payments come due on the contract, which the consumer is obliged to pay, the "bargain" ceases to be a bargain.

## Extra Driving Care Urged For Summer

"Vacation time is near, so be extra cautious as you drive."

This warning was sounded as schools throughout the County area prepare to dismiss their pupils for the Summer Vacation.

Ronald T. Strong, president of the San Diego County Traffic Safety Council, said thousands of children will be playing during the day, darting across unguarded intersections and it is the responsibility of the motorist to help save their lives.

"The traffic toll in San Diego County is far too high now," he said. "With the closing of schools and the removal of school safety patrols, every child will be a target for an automobile that is not under control."

"Don't forget that this is one time when the lives of our children rest squarely with the man or woman behind the wheel. Drive carefully at all times."

## WASHINGTON AND SMALL BUSINESS

By C. WILSON HARDER

"There's no place for small business, or small unions."

This statement would even sound odd coming from a theoretical economist.

But this statement was made by what might be called a "practical" economist.

The declarer of this principle, James Hoffa, head of the teamsters union in Midwest, has shown he has support of force in various forms to C. W. Harder put his theory into effect.

Who is Hoffa? He is Dave Beck's chief henchman in vital trucking area of 13 midwestern states, and is now extending into 12 southern states.

Hoffa has paid fines for violations of labor laws, but this does not seem to deter him a bit. In fact, he usually winds up threatening reprisals against those who made it possible for him to be brought to justice. So far, he appears to have made good on many of these threats.

He has also been responsible for driving out of business quite a few independent truck operators competing with big outfits.

In meantime, Hoffa has not done too badly. Although he boasts he will not tell internal revenue service his income, several Congressional investigations have disclosed many interesting items.

While Hoffa never went beyond eighth grade, he has \$21,000 year salary, plus unlimited expense account from a million dollar treasury. In addition, he is a contributor to the National Federation of Independent Business.

trolling factor in union welfare funds.

And although Congressional hearings also bring out his business experience was limited to two years as a grocery warehouseman, Hoffa owns investments in oil leases, a farm, brewery, race track, girls camp.

In addition, his wife owns a truck leasing firm that hires no members of the union, but merely leases equipment to a firm.

In a smooth deal, under her maiden name, Josephine Poszywak, Mrs. Hoffa and wife of another union official, only put up \$4,000 to start a major truck leasing operation which paid them \$65,000 dividends in four years. A lot of Hoffa's union members lost jobs as result of this deal, but it appears that the only concern with union welfare is the balance in the welfare fund.

And so it is quite logical Jimmy Hoffa should proclaim the day of the small business and small union is gone as long as he runs both the union and trucking business. If he had said "the days of everybody but the Hoffas is gone" lot of people would have been inclined on basis of past experience, to agree.

But here is odd thing about entire situation.

Although millions know about Hoffa's activities, so far no one, in this administration, or last, has been able to cut down on Hoffa, and other little Caesars of his ilk.

This situation oft causes wonder as to what business the U. S. government has in fitting around the world trying to set other people's affairs straight when it fails to keep its own house in order.

## PENINSULA PERSONALITIES

There are two reasons why Mr. and Mrs. W. Ernest Moss moved to San Diego from Los Angeles and chose to buy a new home in the 4300 block of Monaco St. First, they wanted to escape the smog, and second, they wanted to be near their son and his family, B. L. Moss, of 1419 Catalina Blvd.

Mr. and Mrs. Chris Stavros, of 4710 Bermuda, spent some time remodeling their newly acquired home in the 1100 block of Moana Dr. before moving in. Mr. Stavros is owner of a local malt shop.

It's a new model home for Mr. and Mrs. Walter C. Bowman, who formerly lived at 1923 Brighton St. Their new address is in the 2000 block of Catalina Blvd. "We're glad we could find what we wanted and still live in Ocean Beach," they said.

Across the bay, from Coronado, come Lt. (USN) and Mrs. Robert Clark, who have bought a new home in the 900 block of Temple St.

Busy landscaping their new view home in the 800 block of Amford St. are Mr. and Mrs. Bruce Fredale. Mr. Fredale is a lawyer in the district attorney's office.

Mr. and Mrs. Clarence Heckett and their family of three children are looking forward to enjoying the beach and all the other recreational opportunities offered in San Diego this summer. The Hecketts, who moved here from Sunnyvale, have taken a house in the 4700 block of Coronado Ave.

Corpus Christi, Texas is the former address of Lt. Jg. (USN) and Mrs. Marvin Register, who have taken an apartment in the 4800 block of Muir St. There is a little Register, Jean, 7 months old.

Newcomers from Pittsburgh are Mr. and Mrs. Kiel McClary, who are making their home in the 4800 block of Coronado Ave. They have two sons, Bob, 16 and Keith, 3.

Happy to be stationed in San Diego are Mr. and Mrs. Roy Wisheart, a Navy couple, from Honolulu. They are at home in the 5000 block of Saratoga Ave. They have two daughters, Teddi Ann, 8, and Roya Jean, 15 months.

After a two years' absence, Mr. and Mrs. J. M. Rhoads have moved back to Ocean Beach and are at home now in the 4500 block of Brighton St. Their former Peninsula area home was on Orchard St.

Mr. and Mrs. Ralph McClerman, 1854 Mendota St., have bought a home in the 4200 block of Del Monte. They have two small sons, Gary and Daniel. Mr. McClerman is an engineer for a local aircraft company.

Lt. (Jg. USN) and Mrs. Jack Stevens, from Los Angeles, have rented a house in the 4200 block of Del Monte.

Mr. and Mrs. M. S. Goulart, 3531 Trumbull St., have moved into their own home in the 4500 block of Brighton St.

Mrs. Lillian Seidman, of New York City, is visiting her son-

in-law and daughter, Lt. (USN) and Mrs. Norman Sperber, of 4451 Niagara St. Mrs. Seidman came west to see her new grandson, who is now three months old.

L. J. Hoover said he "couldn't forge" San Diego after being here during the war. It took him ten years to shake Columbus, Ohio, but he and Mrs. Hoover have arrived, and have bought a home in the 4700 block of Bermuda Ave. Mr. Hoover is associated with Noel's Furniture Store.

Dr. and Mrs. R. J. Pekin and their four children will be at home in the 4200 block of Coronado Ave. The family moved here from Oceanside. Dr. Pekin is a dentist with offices in Allied Gardens. They chose Point Loma for their home because they wanted to be near the ocean.

Back to their native state, are Mr. and Mrs. John M. Singer, who have been living in New York City. Mr. Singer is a sales representative for a national airline. They have taken an apartment in the 4800 block of Pescadero.

Other returnees are Mr. and Mrs. Loyed Arnold, who lived in Wilmington, Calif., when they left San Diego. They have taken a house in the 4800 block of Santa Cruz. Their two children are Regina, 4, and Lloyd, Jr., 8 months.

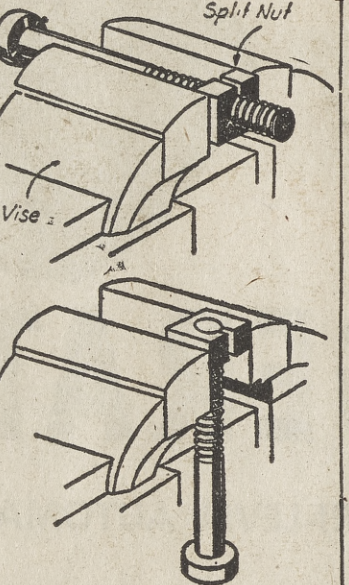

Newlyweds, Mr. and Mrs. Archie James, are making their first home in the 4800 block of Larkspur St. Mr. James is the brother of Mrs. Homer J. Gravelle, 4653 Larkspur.

Mr. and Mrs. R. N. Gray, 4659 Muir St., have moved into their own home in the 3800 block of John St. Mr. Gray is retired from the Navy.

**How to Cut a Bolt**  
AN EASY method of reducing the length of a bolt is recommended by *The Home Craftsman* magazine. Directions are: Take a nut that fits the bolt to be cut. Saw through one side with a hack saw. After running the

nut on the bolt to the point of the cut-off, place the nut in the vise as shown. Tightening the vise applies pressure on the nut, closing the gap and securing the bolt without damage to the threads. Now use the hack saw to cut the bolt. Finish the cut end of the bolt with a file by placing it in the vise as shown in the lower figure.

Sixty-five percent of 1954 and 1955 model cars have automatic transmissions, according to the National Automobile Club. Twenty-eight per cent have power brakes and 22 per cent have power steering.

## Magic Lemon Meringue Tarts Are Failure Proof Delights

EASY TO MAKE AND DELICIOUS, these lemon meringue tarts have another plus quality. They are easy to serve. Whether you star them for dinner dessert or party refreshments they are made ahead of time, in individual portions that are ready to slip from serving dish to dessert plates with the greatest of ease.

The delicious flavor of fresh lemon juice, with a bit of the grated peel toiven it, makes lemon filling one of the most refreshing taste treats imaginable. Made with sweetened condensed milk, this filling needs no cooking. It is failure proof, creamy smooth, always of a just-right-for-cutting consistency.

**MAGIC LEMON MERINGUE TARTS**  
1 1/2 cups (1.15-oz. can) sweetened condensed milk  
1/2 cup fresh lemon juice  
2 eggs, separated  
1 teaspoon grated lemon rind

Stir sweetened condensed milk, lemon juice, lemon rind and egg yolks until mixture is well blended and thick. Beat egg whites, with cream of tartar if desired, until almost stiff enough to hold a peak. Add sugar gradually, beating until stiff and glossy. Pour lemon filling into tart shells and top with meringue. Bake in slow oven (325° F.) about 15 minutes, until lightly browned. Cool.

American ingenuity, rejecting the can't-be-done philosophy, recently demonstrated how to load a completely assembled locomotive aboard a cargo ship, to save weeks of precious time in the U. S. Government's Aid-to-India Program.

The 205,900-pound locomotive above was one of four loaded on the Isbrandtsen round-world cargo liner SS Flying Enterprise II, under command of famed Captain Kurt Carlsen. The entire job was completed in just three hours, using the Philadelphia Navy Yard's giant hammerhead crane, one of the three largest in the world. Each 100-ton locomotive, together with a 17-ton loading bar, was lifted from the loading platform, swung toy-like through the air and lowered onto the ship's deck.

Weeks of complicated disassembly, special crating and expensive loading time were saved in this single "know-how" operation by Isbrandtsen Company cargo experts who were the first to demonstrate that such money-saving methods could be used, when the proper equipment and skill are employed.

The San Diego area's newest Optimist Club was chartered last week in the Mission Bay area under sponsorship of the Point Loma Optimist Club.

Known as the Mission Bay Optimist Club, the new organization lists 28 charter members from among local business and professional men. In common with all Optimist Clubs throughout the nation, it is dedicated to furthering of youth activities. Its slogan is "Friend of the Boy."

Mr. George Ward  
Ward's Pharmacy

Dear Mr. Ward

We have received many complaints from Action Stamp Savers that you do not offer stamps on every purchase. As you, undoubtedly know, many people just will not ask for stamps even though they place a great value on them.

Of course, this is neither good for your business or ours.

This is the reason we put in our contract, of which you have a signed copy, that stamps must be given on every purchase.

In keeping with our strict policy, all over the country, this letter is our official 30-day notice of cancellation of your Agreement.

We are sorry that you were not more interested in the workings of the Action Stamp Program, and know this will be best for all concerned.

Sincerely yours,
